The banner features a blue background with a white hourglass icon on the left. The text 'Range Estimate' is prominently displayed in blue, followed by the subtitle 'Possibility to have optimistic and pessimistic estimates for an issue'. Below this, three white panels illustrate different estimation scenarios. Each panel shows a horizontal bar with a colored segment (blue for optimistic, red for pessimistic, green for logged) and a vertical line indicating a specific time point. The 'Logged' segment is shown in green, while 'Optimistic' and 'Pessimistic' segments are shown in blue and red respectively. The 'rozdoom' logo is visible in the bottom right corner.
