

Matching status to column

How-to : Match Statuses to Columns

1. Navigate to Board Configuration screen > Tab Columns;
2. Drag and drop all Statuses containing issues from the 'Unmapped Statuses' column to the corresponding Status Column.

Column management

Columns can be added, removed, reordered and renamed. Columns are based upon global statuses and can be moved between columns.

Unmapped Statuses Column (green areas): it splits into two sections: Status containing issues and those that don't
